Please find below and/or attached an Office communication concerning this application or proceeding.

Art Unit 1713

1. The reply filed on May 6, 2002 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): The newly submitted claims, claims 10-28, represent a new and distinct invention from claims 1-9 which were presented originally and were, therefore, elected by original presentation. Claims 1-9 are to a composition and claims 10-28 are to a method of using that composition. The composition as claimed in claims 1-9 has materially different uses as can be seen in the prior art as cited. Newly submitted claims 10-28 are, therefore, withdrawn from consideration as being drawn to a non-elected invention. This application, therefore, only contains claims to a non-elected invention and the response of May 6, 2002, is non-responsive in that it contains no claims to the elected invention. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. Extensions of this time period may be granted under 37 CFR 1.136(a).
